

## Pro-Set Plus Dual Mic Element Headsets

**The New Benchmark For DX and Contest  
Ops - WORLDWIDE !**

- Very light weight and extremely comfortable
- Boom swings 180 degree for right or left operation
- Self Adjusting cushioned headband
- Highly Efficient Tuned speaker cavities
- Stereo Headset for Dual Diversity or Dual Receiver operation.
- Heavy Duty industrial grade cable interfaces with our Heil AD-1 adapter system
- Dual Microphone Elements. Both the dynamic type Heil HC-5 full range and the HC-4 "DX Dream Machine" Heil elements are in the PRO SET PLUS!. These elements give you two distinct audio responses for various types of communications.... cutting through noise and DX pileups or conversation with your friends. This model works perfect on Kenwood and Yaesu transceivers.
